WPC Tech Needs – Next Steps

- Convene subgroups to discuss:
 - Specific tool (e.g., EDIE/Premanage) and contract requirements
 - Continue higher level discussion of what counties are considering and why
- Circulate list of considerations for vendors (Monterey)
- Mobile products and devices (San Francisco)

Discussion questions

- How are you defining IT/Analytics requirements for Whole Person Care to inform procurement?
- What solution are you trying to solve? What steps have you taken so far?
- At your organization, where does jurisdiction for WPC / BH begin and end? Specific example is hospital care coordination compared to WPC care coordinators. -- Terry Theobald, Ventura
- How does jail and behavioral come together? Is it in the same system for you, or another system? --Dave Gravender, Alameda
- What would be helpful support/connection to WPC Learning Collaborative?
