# CYBERSECURITY MEMBER ISSUES AND APPROACHES

# Questions for CIOs/CMIOs:

- Background: at a 2017 CAPH Board meeting, leaders articulated cybersecurity as a concern for our systems. SNI wants to hear from CIOs/CMIOs to understand scope of issues and current approaches.

## Questions:

1. What cybersecurity issues are you most concerned about for your system?
  - How did you determine these risks (incident, assessment, other?)
2. What plans do you have to mitigate issues?
3. What partners are you working with to mitigate issues?
4. Do others at your organization know about these plans, or at least who the leads are?
5. Anything else on topic you'd like to add?

# Next Steps

- SNI to summarize approaches and share with CAPH Board
- Add to IT tracking list?
- Other?

# ROUND ROBIN

# Round Robin

Please share key updates!

- Procurement
  - RFPs? Contract signed? Implementation?
