Measure Update

DHCS has officially removed the following two measures from the PY3 measure set (as we had mentioned they might do):

- Q-PC6 Post Discharge Follow-up for High Risk beneficiaries
- Q-RU4 30 Day Unplanned Return to the OR

Q&A: QIP

- For PY2 will RU₄ be reporting only?
- In the manual it states that deletions are not seen. Is there a way to find out what those were so we don't need to go code by code to figure out which ones to now exclude?
