

Value Based Strategies Meeting

May 20, 2019, 9:30 - 3:00PM

Holiday Inn – Oakland Airport, 77 Hegenberger Rd

A G E N D A

Learning Objectives

- ✓ Apply lessons from a collaborative of safety net hospitals and primary care entities that has successfully reduced costs and unnecessary utilization.
- ✓ Identify cost drivers related to utilization, volume, administration, and operations, as well as opportunities to mitigate those costs.
- ✓ Understand how peer public health systems are starting to address cost.
- ✓ Provide input on early thinking regarding cost containment after 2020.

8:30 Registration and Breakfast

9:30 Addressing Cost Through 2020 and Beyond

- ◇ **Giovanna Giuliani**, Executive Director, SNI
- ◇ **Rich Rubinstein**, Vice President, General Counsel, CAPH

CAPH/SNI will share early thinking about opportunities to contain costs after the waiver ends and present a framework of cost drivers to help public health systems identify costs related to utilization/volume, administration, and operations.

10:15 The Medical Home Network Experience

- ◇ **Art Jones, MD**, Chief Medical Officer, Medical Home Network and Principal, Health Management Associates
- ◇ **Chuck Weis**, Principal, Health Management Associates

Dr. Jones and Mr. Weis will discuss how they identify and address cost drivers across the Medical Home Network (MHN), a collaborative of safety net hospitals and primary care entities in Chicago. MHN realized \$37 million in savings through a shared savings arrangement that has evolved to shared risk.

11:45 Lunch

12:30 Mapping Cost Drivers and Identifying Cost Savings Opportunities

Using the cost driver framework, participants will work in their teams and in mixed groups to identify early successes and opportunities for cost savings.

1:30 Kern Medical: Cost of Care Update

◇ **Marko Horvat**, Director of Financial Planning, Kern Medical

Kern Medical will provide an update on efforts to analyze and act on cost of care data over the past year. Kern will discuss how those efforts are connected to ideas for cost containment after 2020.

2:00 Cost Containment After 2020

Participants will provide input on early concepts for cost containment after the waiver ends.

3:00 Adjourn
