Subject: PY 3.5 Core QIP Metrics Reporting Manual Now Available

Dear QIP Entities:

The **PY 3.5 Core QIP Metrics** Reporting Manual is now available. Entities must follow this manual and all applicable DHCS guidance when reporting PY 3.5 data (due June 15, 2021). Please note the following dates:

- QIP PY 3.5: July 1, 2020 – December 31, 2020
- QIP PY 3.5 Measurement Period: January 1, 2020 – December 31, 2020
- QIP PY 3.5 Baseline Period: January 1, 2019 – December 31, 2019

When reporting PY 3.5 performance data by June 15, 2021, all entities must also report statistically valid historical data on performance for the baseline period of 1/1/2019 – 12/31/2019, both according to the PY 3.5 Manual, unless instructed otherwise by DHCS, in order to receive an achievement value for each reported metric.

To receive the PY 3.5 Core QIP Metrics Reporting Manual and PQA Value Set:

Log in to [SNI Link](#) (CAPH member only site). When a DPH clicks on the download link to the Manual or PQA value set, an Agreement form will pop up. DPH will need to click “Agree” before being able to download the Manual. If a DPH has not yet set up a login to SNI Link, email dpong@caph.org for instructions.

Additionally, the PY 3.5 value sets for Managed Care Plans will be available on the [DHCS QIP website](#) by the end of this week.

Thank you,

The QIP Team
