

QIP Office Hours

Thurs, Sept 9, 2021, 12-1PM

[Recording Link](#)

Presenters: David Lown dlownd@caph.org, Dana Pong dpong@caph.org
Recordings of the webinar and slide deck posted on [SNI Link/QIP/Webinars](#)

Housekeeping

Please mute locally. Lines are also muted on entry.

Please don't use a speakerphone in order to prevent an audio feedback loop, an echo.

At any time, feel free to chat your question & we will read out

Webinar will be recorded and saved on SNI Link: [QIP Webinars](#)

Updates

QPL 21-005 released via DHCS listserve 8/6

- **Q-LBP, Q-URI, Q-AAB, Q-PCE:** Numerator compliance and denominator inclusion should be calculated using data only from services and encounters that occurred at the QIP entity's own facilities. Non-QIP entity data should be excluded from these measures.
- **Q-FUA:** Denominators should be calculated using data only from encounters that occurred at the QIP entity's own facilities (exclude non-QIP entity encounters). However, non-entity encounters and services can be included when calculating the numerator.
- **Q-TRC:** contains two errors related to bullet formatting and inclusion.
- **Q-CCW** Women who are not sexually active or who do not have male partners must be included in the denominator. PY4 spec does not permit excluding.

PY₄ Measure Matrix posted on [SNI Link](#)

Latest version is Sept 7.

Correction: Prior version Q-CMS138 Tobacco denominator column said “only reporting on Rate #3”. It now reads “QIP PY₄ to report on all 3 rates.”

If you see any errors or have questions, email David dlownd@caph.org

Reminder: Preliminary PY₄ Data

SNI is sharing with DHCS trends we are observing in the PY₄ data that we have.

If you happen to easily have any updated data (not previously shared with SNI), please send to dpong@caph.org via encrypted email at any time.

Listen to discussion from [Aug 23 QIP Leads webinar](#).

ECDS Specs

- Reminder: For PY₄, QIP entities must use the ECDS spec for DRR.
 - Page 193: “Note: The measure description provided below is for reference only and is not the full measure specification. To report this measure, refer to the digital measure package available for purchase in the NCQA Store for the complete HEDIS digital measure specification. QIP entities are accountable for all potential updates included in the digital measure package.”
 - Read through Appendix 6 of the PY₄ Manual.
- PY₅ digital bundle will have ECDS specs for DRR & PRE (new measure), available ~ Dec 2021.
- Over time, NCQA is moving towards ECDS only measures.
- Send questions to [Dana](#) and [David](#) or submit directly to PCS.
